

Customer Journey Map

Date	15 July 2026
Team ID	SWTID-2026-2749
Project Name	OptiCrop: Smart Agricultural Production Optimization Engine
Maximum Marks	2 Marks

Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	- Opens OptiCrop website - Reads project information - Navigates to Crop Prediction	- Enters NPK values - Enters temperature - Enters humidity, pH and rainfall	- Views recommended crop - Reads season and soil information - Plans cultivation
Touchpoint <i>What part of the service do they interact with?</i>	- Homepage - Navigation Bar - Find Your Crop page	- Prediction Form - Input Fields - Predict Button	- Prediction Result Page - Crop Details Card
Customer Thought <i>What is the customer thinking?</i>	- Can this system recommend the correct crop? - Is it easy to use?	- Did I enter the correct values? - Will the prediction be accurate?	- This recommendation looks useful. - I can plan my farming.

Customer Feeling <i>What is the customer feeling?</i>	• Curious • Hopeful	• Interested • Slightly nervous	• Happy • Confident
Process Ownership <i>Who is in the lead on this?</i>	• Frontend Application	• Flask Backend • Machine Learning Model	• Prediction Engine • Recommendation Module
Opportunities <i>How can we improve this stage?</i>	• Add multiple language support • Add voice assistance • Improve homepage guidance	• Automatic soil sensor integration • GPS weather detection • Input validation hints	• Fertilizer recommendation • Disease prediction • Market price prediction
